

Southern Dart League Inc.
Match Secretary AGM Report
17th July 2018

Congratulations to all impending trophy recipients in our Winter and Summer seasons. All finals and the Handicapped Divisional Cup were contested in the best of order.

This past 12 months has seen 164 members throw a total of 653 180's at an average of 3.98 each! This year Matt Roberts was the standout with 44 thrown, followed by Laurie Loch 24, Mark Campbell 20.

Congratulations to the 43 members who threw their first 180! The stand out being Liam McSorley who threw 8.

Matt Roberts & Andie Purdie have achieved the milestone of throwing 100 x 180's.

Steve Allen has joined the 200 x 180 club. Well done lads!

Our league champions this year are, Laurie Loch (Singles), Matt Roberts and Alan Prior (Doubles). All individual competitions were of an excellent standard and participation levels are increasing. The handicapped events are still proving to be the most popular, many enjoyed the recent double start 301 and mystery doubles events.

To the season ahead, sadly we lost one team (Alma Marlins) and now have 38 teams which lead to the elimination of the dreaded bye in Division 3. (Which is now a Div. of 6) To make this happen meant disrupting the home and away draws from last season's relative harmony.

The score sheets have been altered this season, with no need for players to sign, the column now reads "Name" and there are now 9 lines for players names and stats.

To the captains and players, I would like to reiterate, please become conversant with our playing rules (found in the red book). If clarification of a rule is needed, please ring me, it is only a phone call and it could stop any penalties being issued. Also the issue of score sheet legibility and lateness keeps cropping up. Please make sure the photo you send your new League Recorder is clear. Please help us to run the league by doing your best to fill out the sheets neatly and completely, it is not our job to work out averages!

Yours in darts
